

12.7MM HEAVYMACHINE GUN

50 M2HB

Constructed to exceed military expectations and quality standards, each weapon is built with individualized attention to detail and multi-level inspection of quality. Since the Second World War, the United States has had versions of the M2 in service in a variety of roles including aircraft guns, anti-aircraft defensive guns, tripod-mounted infantry guns and dual-purpose anti-aircraft and anti-vehicular weapons. The M2HB will outperform all your current heavy weight machine gun, anti-vehicle, and force protection needs
